MODEL 150XP

12” Capacity Hand-Fed Chipper

For more than a quarter century, 12-inch capacity Brush Bandit® disc-style chippers have served tree care professionals and municipalities around the world. The Model 150XP is Bandit’s **most compact 12-inch disc chipper**, featuring a 14-inch by 17-inch chipper throat opening and dual feed wheels mounted in Bandit’s **proven Slide Box Feed System**, providing direct down pressure to easily pull in, crush and compress brush, large limbs, and small trees with minimal trimming required.

MAXIMIZE YOUR UPTIME

The most common maintenance items are easy to access on Bandit chippers. Bolt-in knives are easy to access and change through the chipper hood. And all service areas are easy to access, including all grease points, so daily maintenance is simple and quick.

EASY, INTUITIVE CONTROLS

With various engine options and straightforward controls, using the chipper will be easy for rental customers or seasoned chipping professionals.

PACK TRAILERS FULLER

Bandit is known throughout the industry for packing trailers fuller, reducing the number of trips to the dump site. Bandit chippers feature smooth discharge transitions eliminate restrictions and deep knife pockets propel chips with tremendous force.

SUPERCHARGE YOUR PRODUCTION

Bandit chippers are easier to feed, so you’ll be more productive during the day. Bandit’s unique Slide Box feed system and powerful dual horizontal feed rollers, which are 7.5” in diameter and powered by a pair of 15.9 CID hydraulic motors, crush and compress material, easily guiding it to the drum.

COMMITTED TO QUALITY & SERVICE

The Bandit Backbone™ Support

The Bandit Backbone is Bandit’s commitment to customer service and support. It’s always been a cornerstone of Bandit’s philosophy, and today that backbone is stronger than ever. If you own a Bandit hand-fed chipper –regardless the age, hours, or warranty status – the Bandit Backbone is here to support you.

We Are Here to Support You

There are nearly 200 dealer locations in the US and 61 international dealers to support you. They are factory trained. Plus we have an experienced parts and service department supporting you and our dealers.

MODEL 200XP FEATURES

- **Rope/Line Shear Device (standard)**
  Provides an improved chance that rope or lines inadvertently entering the chipper may be cut
- **Last Chance Cables (standard)**
  Stops/reverses the feed wheel when pulled in case of an emergency
- **Operator Safety Control Bar (standard)**
  Wraps around 3 sides of the infeed chute & controls the direction of feed wheels
- **Wood Pusher Paddle (standard)**
  Used to feed small wood debris into the chipper
- **Chipper Hood Pin w/Padlock (standard)**
  Prevents unauthorized access to the disc or drum
- **Chipper Hood Engine Disable Plug (standard)**
  Prevents engine from being started without the hood pin in place
- **Hydraulic Bottom Bump Bar (option)**
  Stops feed wheels via mechanical connection when bumped, diverting hydraulic power away from the feed wheels
